

Transportation Stakeholders Network (TSN)
Reducing Single-Occupancy Vehicle Use and Vehicle Miles Travelled in Vermont
Hosted by the High Meadows Fund and Vital Communities

9:00am – 12:30pm | June 21st, 2012

Resource Systems Group, Inc – 55 Railroad Row – White River Junction, VT (directions on reverse)

Working Agenda

Meeting Objectives

- Share information and updates about transportation initiatives and programs.
- Hear from employers enrolled in Vital Communities' Smart Commute Program and consider the potential for partnerships with the business community in working toward our broader transportation goals.
- Consider how the network might support the efforts of an evolving subgroup focused on public policy.
- Develop network mission and goals, and determine next steps.

9:00 **Welcome & Roundtable Updates** (coffee, tea, and snacks provided)

- Participants will have an opportunity to introduce themselves and BRIEFLY describe an initiative or element of their work that may be of interest to the group.

9:35 **Panel Discussion - Exploring Partnerships in the Private Sector**

- Brief introduction and comments from our moderator and panel of participating employers, followed by Q&A and group discussion on opportunities and best practices for engaging the business community in our transportation-related work.
- *Moderated by Aaron Brown of Vital Communities*

10:50 Short Break

11:10 **Transportation Policy Working Group Update**

- Brief update on an evolving conversation that grew our public policy breakout session at the March TSN meeting, followed by a group discussion on the network's role with respect to public policy, and an opportunity for broader participation moving forward.
- *Moderated by Sarah Simonds of the High Meadows Fund*

11:50 **Network Mission and Structure**

- Review and discuss Sarah's draft network description
- Explore next steps and goals for the network moving forward
- *Moderated by Sarah Simonds of the High Meadows Fund*

12:20 **Wrap-up and Immediate Next Steps**

End by 12:30

We will be meeting at the offices of Resource Systems Group (RSG) at 55 Railroad Road. Parking is limited at RSG, so please park just down the street at the local park and ride, located behind the American Legion building, and walk the 0.2 miles to RSG from there. (follow the map provided above)

DIRECTIONS to parking - When you get off I-91, follow Rt5/North Main Street into White River Junction. Continue straight on N Main Street where Rt5 veers off to cross the river. After a couple blocks, merge right onto S Main St (*your other option is to turn left and cross the tracks, which you will do when you walk to RSG*), take your first right on Gates St, and another immediate right on Currier St. You should see a large parking lot on your left.
