Vermont Transportation Efficiency Network (VTEN) works to improve access and reduce the costs and environmental impacts of our transportation system.

VTEN is made up of transit providers, transportation planners, advocates, and Go! Vermont folks that convene twice a year to address transportation problems facing our towns, regions, and state.

Stop by to meet VTEN partners and learn about our work and how you can stay informed and make a difference in your community. Looking forward to meeting you on the 27th.

For more information, visit GoVermont.org/VTEN or e-mail Bethany@VitalCommunities.org.
