

Vermont Transportation Stakeholders Network

9:00am to 1:00pm | Thursday, June 26, 2014

Board Room, Vermont Agency of Transportation, National Life Building, Montpelier

Climate Adaptation and Transportation in Vermont

With special guest Deputy Secretary of Transportation, Sue Minter

Meeting Objectives:

- Learn about national efforts to support climate-resilient transportation programs.
 - Consider our own transportation efforts in Vermont through the lens of resilience and a changing climate.
 - Identify strategies for promoting a climate-resilient transportation system in Vermont.
 - Reach consensus on this network's approach and structure moving forward.
- ? question for Sue – is there anything she wants to ask the group with the hope of reporting back to the White House Task Force?

Agenda

- 9:00 *Arrival – coffee, tea, and pastries provided*
- 9:15 **Welcome, introductions, and meeting purpose**
- 9:30 **Sue Minter, Deputy Secretary, Vermont Agency of Transportation**
Hear about the Deputy Secretary's role on the White House's Interagency Climate Change Adaptation Task Force and discuss approaches to promote and measure efficient transportation activities in the context of a changing climate.
Presentation and Q&A
- 10:15 **How does the lens of resilience and a changing climate affect the way we look at our existing efforts to promote an efficient and accessible transportation system in Vermont?**
Discussion
- 10:45 *Refreshment break*
- 11:00 **What can we do, individually and as a network, to promote a climate-resilient transportation system in Vermont? What's in our way?**
Discussion
- 11:30 **Future direction of Transportation Stakeholders Network**
Presentation from Network Coordinators and Group Discussion
- 12:00 **Closing thoughts**
- 12:15 **Lunch and networking in National Life Cafeteria**
