To get there: This Quest starts in the middle of the Dartmouth College green. Take 91 to exit 13, travel east across the Connecticut River, and up the hill on West Wheelock. The green is at the top of the hill on your left.

Clues:

Start in the middle of the green
Where a lot of students can be seen.

Now find the building with a pine tree on top
Then look below to find a clock.

If the hour hand is facing III
You'll be heading in the direction of the place with a "B."

To get there pass the columns four
And you'll find yourself at the chapel next door.

Bells and arcs and faces hidden behind colored glass
Will look at you as you casually stroll past.

The stone walk you're on will lead you right by
Four tall white houses sitting on your right side.

Straight ahead a dirt path doth lie
With tall white pines over to one side.

Foot travelers know they are headed the right way
As they pass a crooked "arm" reaching up and away.

Enter a clearing and lying straight ahead
Two trees: one a memory, and one tall and not dead.

Walk straight through the amphitheater to the other side
Through a rectangular opening where the treasure hides.

Follow the path straight through a forest of pines
100 steps, down on your right, under a mossy rock not from the mines.
