Clues:

Built in 1790

Our school is very old.

You can tell by the bricks

We're sure you've been told.

Park by the green dumpster

And walk 15 paces.

Now turn to the right,

Our playground your body faces.

On your way to the building's end

A chimney you will see.

A woodstove they used,

That is where it would be.

When you've reached the corner

Left is how you should face.

Do you see the picnic table?

Go to that place.

Now go past the big tire
To the left of the path.
Count up 35 paces,
Count as if you're in math.

Notice the white picket fence
And the little bell tower.
It's rung at recess end
But not on the hour.

You've walked the size of our school
Now face the red door.
The Valley Quest treasure you seek
Is under the porch floor!
