Upper Valley Solar Installers

This list is managed by Vital Communities and intended as a reference for Upper Valley residents interested in going solar.

The following is a list of solar installers who have requested to be listed as a company offering solar installation services in the Upper Valley region of Vermont and New Hampshire. All information was provided by the installers listed. All installers listed have completed at least five installs within Vital Communities' service area since 2011. This list has not been vetted or fact-checked by Vital Communities and is not a comprehensive list of solar installers operating in the Upper Valley. Do you know of an installer who should be on this list? Please let us know (contact sarah@vitalcommunities.org).

* Indicates an installer that has participated as an installer partner during Solarize Upper Valley.

COMPANY	LOCATION	COMPANY HISTORY	SERVICES PROVIDED
