Clues From the village green...

1. East will be the right direction,
If you need an answer to a question.
2. You know you're going the right way,
If to the south there's a place where books stay.
3. Then move on to the crosswalks going many ways,
Take the one to the north and on the correct path you shall stay.
4. Go the same direction as you did in the start
And you will see 3 galleries of art.
5. Go left around the curve,
And the Town Crier you will observe.
This announcement board Frank Teagle did start,
And for 30 years kept it up to keep townspeople smart!
6. Keep your eyes up for a fine clover design,
Beyond that there is pauper and a prince so fine.

14. "Who is Sylvia?" I'd like to know,
With her at your back, across the street you will go.

15. This is a place where the Kedron Brook flows,
Stay a while to cool your toes.

16. At Teagle's Landing go down 13 steps,
There you will see a piece of a tree with no roots,
A doggie bag box on the front & behind you'll find our loot!
