Volunteers in some Solarize communities have had success with door-to-door canvassing; below is an example of information left with residents in one community.

Dear Tunbridge Resident,

The Tunbridge Town Energy Committee is making it easy and inexpensive to go solar! Reduce your electric bill and help the planet by getting your electricity from the sun!

We have negotiated a significant discount with a local installer who is offering group pricing to all Tunbridge residents – AND – the installer is offering a FREE solar site evaluation for any resident who requests one. The installer will evaluate your home for solar, provide a free quote, and answer any questions you may have.

Solar panel prices have come down substantially in recent years and there are excellent tax incentives in place now that are set to expire at the end of next year. Now is the time to go solar! The more residents who go solar, the lower the price will get for everyone!

To sign-up for a FREE solar evaluation:

Call 802.728.3600 or visit www.vitalcommunities.org/solarize/Chelsea-Tunbridge
